Company: ArchiBat RH

Location: Bangkok

Category: other-general

À propos

BANGKOK – Thailand – Archibat HR Asia is looking for an experienced **Project Manager with Architecture or Civil engineering background** to lead a construction site in Thailand for a Swiss International Architecture & Engineering firm based in Shanghai and Bangkok.

Descriptif du poste

Responsibilities:

- Ensure that project scope, milestones, and deliverables meet the needs of the project stakeholders.
- Assess and identify the potential risks that may impact each project and implement strategies for its mitigation.
- Build relevant project documents (charter, scope, project plans, status reporting, RACI, RAIDs, others) in accordance with Farfetch's Project Management Framework throughout the project lifecycle.
- Identify and measure key success metrics of each initiative.

Coordinate internal resources for the flawless execution of projects.

- Coordination with the internal and external teams to guarantee proper definition and delivery of main Project Milestones.
- Evaluate all deviations and propose improvement plans/actions and measure activity performance against the baseline plans.
- Capture, document and share the lessons learned
- Keep an effective communication during the all project to the construction completion.

- Responsible for the overall management administration to project and assists in establishing project specific objectives and policies.
- Oversee and ensure all facets of the project are constructed in accordance with design, budget and schedule through subordinate managers and supervisors.

Profil recherché

Requirements:

- Bachelor degree and above in Design Management, Architecture, Engineering and / or a related major.
- 10+ years of professional relevant (international) experience in working on large scale interior design projects such as industry, education, office, F&B etc... are deemed an advantage.
- Strong organization, collaboration and communication skills to lead clients and design team, and consultant teams.
- Must be able to work to tight deadlines – flexible in term of multitasking and tight project schedule.
- **Fluency in German, as well as in English, is essential.**
- Strong communication skills and people skills.
- Experienced in working in large scale organizations on a multi-national level with a multi-cultural team is a plus.
- A professional with Project Management certification (PMI; Prince 2) is a plus.

Your application is strictly confidential. No resume will be forwarded without your consent.
