Get to know our team

Agoda has taken many great strides in recent years, expanding our reach around the globe as well as our list of travel products. A critical driver to this success has been the team of Agoda Finance. We keep a steady hand on maintaining day-to-day financial operations while also keeping an eye out for future opportunities. Not only do we have the unique role of balancing risk management with continued innovation and growth, we're also serve as a means of empowerment for both our team members and those within the company. Having experimentation and data analysis deeply ingrained in our culture, we provide the strategic insights Agoda's business leaders need to push into new territories in sustainable and scalable ways. We also prioritize career development in Agoda Finance. Every function within the team has a well-defined career track with clear goals and development targets each step of the way.

Job Description

Manage the day-to-day activities of the company's finance operations including Accounts Receivable and Revenue and other Reconciliation activities; this includes ensuring all financial transactions, systems, and procedures comply with regulations, accounting principles, and standards.

Troubleshoot daily operational issues and work closely with other stakeholders especially IT teams to come up with solutions.

Manage and implement Company's initiatives and projects from finance and accounting

perspective. This includes providing requirements, designing, and performing UAT, designing new workflow and monitoring post go-live processes.

Identify opportunities to drive processes improvement and automation.

Provide reports and analysis using finance operations data e.g. processing fees incurred data to support management decision making.

Coordinate with the various operations and support units to ensure timely and accurate data is available for the preparation of financial information for internal and external reporting.

Maintain the internal control environment in the Company's operations that are in compliant with corporate policies as well as SOX requirements etc.

Be a reliable business partner and provide advisory services to multiple stakeholders on new initiatives or issues.

Prepare and carry out presentations to large or senior audiences.

Provides coaching and development support to team members.

Address ad-hoc requests and issues.

What you'll need to succeed

Bachelor's/Master's Degree in Accounting or Finance or CPA qualification.

8-10 years of working experience in finance operations, risk and control and or financial reporting functions with solid managerial experience.

Strong logical and critical thinking skills and problem-solving skills with the ability to think outside the box.

Flexible and able to adapt to a fast-paced environment with a growth mindset

Strong ability to prioritise and manage stakeholders' expectations.

Strong ability to communicate articulately and efficiently with stakeholders and your own team.

Excellent leadership and team management skills.

Solid ability to communicate effectively and make clear and convincing discussions and presentations.

Experience in driving and implement process improvement.

Familiar with local/US GAAP and knowledge & compliance in financial & accounting management and internal control

It's great if you have

Experience in online businesses.

Knowledge of SQL and data analysis tools.
