

Nurse and Technician (TMS) (ooca clinic)

[Apply Now](#)

Company: OOCA

Location: Bangkok

Category: other-general

We are seeking a dedicated and compassionate Nurse to join ooca Clinic. The Nurse will play a critical role in providing high-quality patient care, administering medications, and supporting the overall well-being of patients. The ideal candidate should possess strong clinical skills, excellent communication abilities, and a deep sense of empathy towards patients and their families.

- Perform comprehensive assessments of patients' mental health conditions and create individualized care plans.

1. Patient Care

- Administer medications and treatments according to physicians' orders and established protocols.
- Monitor patients' vital signs, reactions to medications, and overall mental health status.
- Collaborate with interdisciplinary teams to ensure holistic patient care.

2. Documentation

- Maintain accurate and up-to-date patient records, including medical histories and treatment plans.
- Document all interventions, changes in condition, and patient responses in a timely and thorough manner.
- Ensure compliance with legal and institutional regulations regarding patient records.

3. Communication

- Communicate effectively with patients, families, and caregivers, providing education and emotional support.

- Report patients' conditions and any changes to the mental healthcare team in a clear and concise manner.

- Collaborate with psychologist and psychiatrist to develop and implement care plans.

4. Medication Management

- Safely prepare, administer, and monitor the effects of medications.

- Educate patients about prescribed medications, potential side effects, and proper administration techniques.

- Follow established procedures for hand hygiene, personal protective equipment (PPE), and isolation precautions.

- Set up and monitor the TMS to ensure proper usage, therapy, and safety for patients.

5. Emergency Response

- Respond effectively to medical emergencies and provide immediate care as required.

6. Patient Advocacy

- Advocate for patients' needs and preferences, ensuring that their rights and dignity are respected.

- Address patients' concerns, questions, and provide emotional support.

Requirements

- Valid and active Registered Nurse (RN) license

- Bachelor of Science in Nursing (BSN) degree (preferred) or associate degree in nursing (ADN) with relevant experience.

- Strong clinical assessment and critical thinking skills.

- Excellent communication and interpersonal abilities.

- Proficiency in medical documentation and electronic health records systems.

- Ability to work effectively within a team and adapt to a fast-paced healthcare environment.

Benefits

- Group health insurances

- Internal Seminar

- 6 days for holiday leave allowance after working for passing probation evaluation.

- Mental Health counseling sessions with psychiatrists and psychologists through Ooca platform

- Welfare according to Thai Labour Protection Law

- Social Security Insurance

- Provident Fund (condition applied)

- Annual Health check-up (condition applied)
- Mental balance leave (condition applied)
- MOU with The Government Housing Bank for Home loan special Interest rate
- Free clinic uniform
