

## Supply Chain Manager

[Apply Now](#)

Company: PRTR

Location: Thailand

Category: other-general

Our client is a consumer products manufacturer.

### **Responsibilities**

Being responsible for the supply chain management function relating to inventory, procurement, planning, scheduling, logistics, shipping, and receiving.

Planning and directing the material planning and material logistic functions to meet business plan objectives and satisfy customer needs.

Maintaining receiving, warehousing, and distribution operations by initiating, coordinating, and enforcing program, operational, and personnel policies and procedures.

Developing and maintaining strong relationships with all connected with the logistics and warehouse process.

Planning, initiating, and maintaining a material procurement process that establishes and achieves the least total cost, best quality, and timely delivery for material purchases from internal/external suppliers.

Developing and directing internal/external material flow planning. Implement efficient supplier and interplant material supply plans. Meet production and parts requirements while optimizing inventory levels, lot sizing, lead times, packaging, and transportation costs.

Maintaining receiving, warehousing, and distribution operations by initiating, coordinating, and enforcing program, operational, and personnel policies and procedures.

Driving warehouse & logistics safety culture.

### **Qualifications**

Bachelor's degree in Logistics, Business, Supply Chain, or related areas.

At least 8 years of experience in supply chain functions, planning, logistics, warehousing, transport, customer service strategy, and operation in manufacturing environments.

MRP, SAP, or QAD program knowledge.

Strong problem-solving, decision-making, and analytical skills.

Good command of English both written and spoken.

Our client offers a basic salary, allowance, provident fund, group insurance, and variable bonus, and a five-day working week.
